## **Dear colleagues, friends and associates**

It is a great honor for me to be able, on behalf of the Union of Medical Laboratory Technicians and Sanitary Technicians of the Republic of Macedonia (SZMLSTRM), to invite you to be participants in the jubilee 50th October meetings, with international participation, which will be held at Hotel Desaret in Ohrid from 05 - 08 October 2023.

The professional educational program of the October meetings will include plenary lectures, oral presentations and poster sessions where new and modern achievements in all areas of laboratory diagnostics will be presented.

By sharing knowledge and exchanging practical experiences, through the acquisition of new friendships and inter-institutional collaborations, let's increase the affirmation and popularization of laboratories and laboratory workers, who are undoubtedly one of the most important links of the health system.

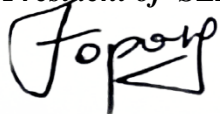

In addition to the educational part of the meetings, we will have the opportunity to make friends, strengthen friendships, create new ones and enjoy the unsurpassed beauty of beautiful Ohrid.

I invite you to send your papers, in which you will present your own work in the field of laboratory diagnostics.

We are waiting for you and hope for your active participation in the jubilee 50th October meetings of medical laboratory technicians and sanitary technicians.

*Sincerely,*

**Goran Gjorgjievski**  
*President of SZMLSTRM*

## **SECOND ANNOUNCEMENT**
